Parent Teacher Conferences, October 27th: If you have not yet signed up for a conference, please stop in your child's classrooms and get signed up for a first quarter conference to review your child's progress in all subject areas. Your conference will provide you with valuable feedback, time for questions, and an opportunity to review your student's work. You will also learn about goals for the year and how to best support your child. We need your input and our charter seeks 100% participation in conferences. We believe, and research evidence shows us that parental involvement is a critical piece to student success in school. If you are unable to come to the school to sign up, please email your request to your classroom teacher, or call Tracy in the office to request assistance. Remember, the school is closed on conference day, so that you can have your teacher's undivided attention.

The teams will practice at the Taos Charter School gym one night per week. There is no cost for the program; however, if you would like your child to have an "official Anansi jersey", the cost is approximately \$20. We are also seeking parent volunteers to coach for the program. Please email Mr. B if your child is interested in playing and/or you are interested in coaching.
